

Karlsruhe Institute of Technology (KIT) links its three core tasks research, higher education, and innovation into one mission. With about 9,400 employees and more than 25,000 students, KIT is among the largest institutions for research and higher education in science and engineering in Europe.

We are seeking to hire at the soonest possible date a

### **W3-Professor for Applied Informatics.**

The position will be located at the KIT Institute of Applied Informatics and Formal Description Methods (AIFB) within Division II – Informatics, Economics, and Society and within the Department of Economics and Management.

We are looking for an individual with an excellent international reputation who will represent the discipline of Applied Informatics in both research and teaching. Especially, expertise is required in the design and utilisation of concepts and methods of Informatics for critical infrastructures. Exemplary application areas are finance, health, traffic, and communication.

Candidates should have exceptional scientific qualifications, as demonstrated by a Habilitation degree, or an equivalent record in research and teaching, and they should show a clear interest in interdisciplinary research. Participation in teaching is required for the Bachelor and Master programs of Industrial Engineering, Economics Engineering, Information Engineering and Management, and Business Mathematics (including mandatory courses in the Bachelor programs). Willingness to participate actively in the academic self-administration is expected, in particular within the Institute of Applied Informatics and Formal Description Methods as a member of the board of directors. Candidates should be interested in interdisciplinary research within KIT as well as in cooperation with the FZI Research Centre for Information Technology in the field of technology transfer and they should demonstrate a history of acquiring public research funds as well as private-sector research contracts.

Employment is subject to the requirements set forth under Article 47 of the Universities and Colleges Act of the State of Baden-Württemberg (Landeshochschulgesetz).

KIT is an equal opportunities employer and encourages applications from female candidates. Where candidates are otherwise equally qualified, preference will be given to candidates with disabilities.

Applications (including a CV and list of publications) should be submitted not later than **May 19, 2016**, to **Karlsruhe Institute of Technology, Dean of the Department of Economics and Management, Schlossbezirk 12, 76131 Karlsruhe, Germany (in writing) and [dekan@wiwi.kit.edu](mailto:dekan@wiwi.kit.edu) (via email).**
