## Why KIT, Why Karlsruhe?

KIT is one of the eleven **German Universities of Excellence** with a **national large-scale research sector**. Combining perfectly excellent study conditions with cutting-edge research on international level.

Pictures: Karlsruhe Institute of Technology

A degree from KIT provides an excellent foundation for entering the job market in the Karlsruhe TechnologyRegion, home to numerous employers in the IT sector and other forward-looking industries (e.g., Daimler, Bosch, 1&1, INIT Group, L'Oréal, Siemens). KIT boasts the highest employment rate among German universities, according to the QS Employability Ranking

Located in Karlsruhe, KIT provides convenient access to major European cities such as Paris (2 hours 40 minutes by train), Zurich (2 hours 40 minutes by train), Amsterdam (5 hours 30 minutes by train), and Berlin (6 hours by train)

With around 300,000 inhabitants, Karlsruhe is the third-largest city in Baden-Württemberg, offering a wide range of leisure and cultural activities. Additionally, Karlsruhe is a safe city with easy access to biking, whether around the city itself or in its green surroundings

# 4.1 Course Selection and Learning Agreement

## Module Handbooks of „Industry Engineering and Management“ (Bachelor + Master)

- The module handbook is the official guide for students regarding their academic progress and program of study. It describes the modules and the corresponding exams
- In each semester, the Module Handbook (in German: Modulhandbuch) is updated and will be released around 6 weeks before the lecture time
- Although every effort is made to ensure that students are admitted to their preferred course selections, the KIT Department of Economics and Management cannot guarantee admission to any particular course

### Competence Certificate

The assessment consists of a written exam (90 minutes) (following §4(2) of the examination regulation). The exam takes place in every semester. Re-examinations are offered at every ordinary examination date.

### Prerequisites

None

### Please pay attention to:

- Recurrence, whether the specific course is offered in the semester which you study at KIT
- Language: English or German
- **LV Code: T-WIWI-102606, not the event number 2581950 (essential to Learning Agreement).**
- T stands for Teilleistung in German and Course in English
- One Course (Teilleistung) contains lecture, practice, tutorial

# 4.1 Course Selection and Learning Agreement

## Overview to Modules:

- **Lecture** (in German: Vorlesung): Registration later in Semester (**\*only need to register for the exam, most of the time not for attending**)
- **Tutorial**: supplementary offering to lectures that covers a large amount of material. Senior students (so-called tutors) supervise groups of 10–20 participants. Here, students can solve exercises independently and have more time for their own questions. Registration necessary via Campus Management System / Ilias / During the first lecture hour
- **Practice** (in German: Übung): a type of class designed to complement lectures. It typically involves practical exercises, problem-solving, and discussions to help students better understand and apply the materials covered in lectures. And it is carried out by a lecturer.

# 4.1 Course Selection and Learning Agreement

## Seminar:

- Students work on a particular topic, write about it and prepare and present it to the group
- Students must register before courses begin (e.g. on WiWi-Portal). The participation is limited, please check the [WiWi-Portal](#) as soon as possible.

## Campus Management System (CAS)

- Search for information regarding courses, selection, registration, withdrawal from exams/module
- Download your Transcript of Records (ToR)
- VVZ (Vorlesungsverzeichnis) Course Catalogue The course catalog (in German: "Vorlesungsverzeichnis") complements the module handbook and provides up-to-date information on various event data (e.g. time and place of the course) for each semester. Make sure to choose the right semester.

The screenshot displays the KIT Campus Management for Students interface. The top navigation bar includes the KIT logo, the title "Campus Management for Students", and a search bar with a dropdown menu set to "All objects". Below the navigation bar, the main content area is titled "Course Catalog (WS 24/25)" and shows a list of departments for the Winter Semester 2024/2025. # 4.1 Course Selection and Learning Agreement

## Learning Agreement:

- If your university already used EWP (Erasmus Without Paper) System, please submit your digital learning agreement (DAL) to your home university first. After the home university coordinator approved and signed your DLA, it will be transferred to Mobility Online.
- You should choose courses of minimum 15 ECTS for your DLA. 70% of the courses must be chosen from our module handbooks while the other 30% can be chosen from other KIT departments freely.
- You can choose courses from Bachelor´s and Master´s level, regardless of your study level.
- Please pay attention to the language instruction, recurrence of the course. If you would like to take courses taught in German, you have to prove the German language proficiency at B1 level.
- Please update / change your DLA during April 22 and May 06, 2025
- [Here](#) you can find all courses of our department which are taught in English

Under „LV Code“ you should fill the brick number / Teilleistungsnummer, it always begins with T-WiWi-XXXXXX. Please not write the event number which contains 7 numbers.

# 4.2 Course Registration

- You have to register the course (lectures) and **add it to your study plan** if you would like to take the exam of the course. Otherwise, it is not necessary.
- At KIT, we don't have mandatory attendance / attendance requirement for lectures.
- You can register the lectures through Campus Management System.
- For Seminars, you **have to do** the registration at [WiWi Portal](#).

# 4.3 Exam Registration

## Video tutorials for Erasmus students

### Lectures, Tutorials

- Exams typically cover the material from lectures plus exercises – explicit registration for the exam is required
- Exams are normally written, after the lecture period
- You can only retake the exams if you don't pass the exam

### Seminars

- Grading a seminar typically involves several components, e.g.:
  - Participation in group work / projects
  - Presentations
  - Written assignments

# 4.3 Exam Registration

## Additional requirements

- For some courses there are additional requirements, e.g.:
    - Compulsory attendance
    - Registration for exams at the institute in addition to regular registration
    - Additional assignments during term
- Please follow the instructions given by the lecturer!

## Exam Dates

→ Online: on the website of the department

<http://www.wiwi.kit.edu/pruefungstermine.php>

## If the exam date is too late for your schedule

- **Please ask the examiner at the beginning of the semester whether an earlier date for an oral exam or an online exam is possible by way of exception (this is only very rarely possible)**
- If that's not possible: choose another course
