19J011 Student Assistant (F/M/D)

Title: Evaluation of regulation of electricity markets and monitoring of related business models

Background
The European Institute for Energy Research (EIFER) was established as collaboration between the Karlsruhe Institute of Technology (KIT) and Électricité de France SA (EDF) and is located in Karlsruhe, Germany. Today EIFER has a multi-cultural team of more than 100 employees. The team "Policy Analysis and Energy Market Studies" is currently looking for a student interested in regulatory and market challenges occurring from the Energiewende.

Position description
The student will support our team on:

- Monitoring and analysing regulatory developments in electricity markets across Europe with a strong focus on Germany
- Literature research and evaluation of business models
- Quantitative analysis

Required qualifications
- Student in the area of energy economics and/or engineering (e.g. industrial engineering)
- Interest and knowledge on electricity markets, renewable energy and related regulation
- Fluent German (oral and written) and good knowledge of English is mandatory
- Synthetic and analytic thinking and the ability to understand systemic interactions with other fields
- Advanced analytical skills (e.g. Excel, Python)

Conditions
- Duration: 6 to 7 months, depending on the student’s availability
- Working hours: 40 hours per month
- Start: as soon as possible
- Remuneration: 460€ - basis / hourly rate depending on the student’s education level
- Place of work: EIFER, Emmy-Noether-Str. 11, 76131 Karlsruhe
