

Karlsruhe Institute of Technology (KIT) – The Research University in the Helmholtz Association – creates and imparts knowledge for the society and the nature. It is our goal to make significant contributions to mastering the global challenges of mankind in the fields of energy, mobility, and information. For this, about 9.000 employees of KIT cooperate in a broad range of disciplines in research, academic education, and innovation.

Division II Informatics, Economics, and Society, the KIT Department of Economics and Management, and the Institute of Information Systems and Marketing (IISM) invite applications for a position as

Full Professor (W3) in Information Systems III

We seek applicants with a strong research track record with publications in leading international journals and conferences in the field of information systems. The professorship focuses on digitalization of organizations and their networks and applies empirical and design-oriented research methods. We are looking for an internationally outstanding personality who represents this area in research, teaching, and innovation.

In teaching, you will strengthen the offering of the KIT-Department of Economics and Management in the field of information systems. Participation in teaching is expected in the Bachelor and Master programs of Information Systems, Industrial Engineering and Management, Digital Economics, and Business Mathematics, including mandatory courses in the Bachelor programs. The willingness for interdisciplinary cooperation, the participation in academic self-administration, the proven ability to actively acquire third-party research funding are required. The commitment to the transfer of research results in business, society, and start-up activities are desired. The involvement in the collegial management of the Institute of Information Systems and Marketing (IISM) is expected.

Candidates should have exceptional scientific qualification, as demonstrated by a Habilitation degree, or an equivalent record in research and teaching. Employment conditions as outlined in § 14 (2) KITG (KIT-Act) in conjunction with § 47 LHG (Act of Baden-Württemberg on Universities and Colleges) shall apply.

KIT wishes to increase the proportion of female professors and therefore welcomes applications by female researchers. Recognized severely disabled persons will be preferred if they are equally qualified.

KIT is certified as a family-friendly university and offers part-time employments, leaves of absence, a dual career service, and coaching to support the work-life balance.

Your personal data will be processed by KIT in accordance with this privacy policy [Datenschutzerklärung](#).

Applications with the usual documents (curriculum vitae, list of publications, graduation certificates, two-page research & teaching statement) should be sent by e-mail by **April 15th 2023**, preferably in one PDF document, to Division II dekan@wiwi.kit.edu. Prof. Dr. Alexander Mädche (alexander.maedche@kit.edu) is available for questions and further information.
